I agree to have my submission published anonymously – please remove my name and company/organisation before publishing

Page 2

Q10

To what extent are the NSW environment, industries and communities currently impacted by invasive species?

High impact from Pigs and Invasive weeds as a result of drought then prolonged wet years now followed by drought

Q11

To what extent do you think existing programs in NSW are effectively managing invasive species?

To much money is being spent paying bureaucrats and not enough spent on the front line

Q12

What, if any, are the key barriers to effective management of invasive species?

More field officers to actively liaise with landholders

Q13

How has invasive species management changed since the introduction of the NSW Biosecurity Act 2015 legislation and associated programs and plans?

More paperwork

Q14

What are the future risks posed by invasive species to the NSW environment, industries and communities?

Disease, competition with livestock, damage to infrastructure

Q15

What opportunities do you see to improve the outcomes of invasive species management in the future?

Put more funds into front line field operations instead of in offices

Q16

Respondent skipped this question
