I agree to have my submission published anonymously – please remove my name and company/organisation before publishing

Page 2

Q10

To what extent are the NSW environment, industries and communities currently impacted by invasive species?

Very much

Q11

To what extent do you think existing programs in NSW are effectively managing invasive species?

Not very

Q12

What, if any, are the key barriers to effective management of invasive species?

Encouraging a wider treatment area than one property

Q13

How has invasive species management changed since the introduction of the NSW Biosecurity Act 2015 legislation and associated programs and plans?

Haven't seen a change

Q14

What are the future risks posed by invasive species to the NSW environment, industries and communities?

High risk

Growing cost to manage

Spreading of species as they r not being contained. Cost of production and work to repair fences

Q15

What opportunities do you see to improve the outcomes of invasive species management in the future?

A lot of opportunities to increase wider knowledge of the problems and easy to follow ways for groups to fix

Q16
