Q10

To what extent are the NSW environment, industries and communities currently impacted by invasive species?

hugely

Q11

To what extent do you think existing programs in NSW are effectively managing invasive species?

poorly

Q12

What, if any, are the key barriers to effective management of invasive species?

cost, lack of effort going into biological controls

Q13

How has invasive species management changed since the introduction of the NSW Biosecurity Act 2015 legislation and associated programs and plans?

has it?

Q14

What are the future risks posed by invasive species to the NSW environment, industries and communities?

huge, risks of fire, disease and productivity loss.

Q15

What opportunities do you see to improve the outcomes of invasive species management in the future?

Need more assistance to local groups rather than state programs. Need greater research effort on biological controls.
