Q10

To what extent are the NSW environment, industries and communities currently impacted by invasive species?

Deer,pigs, horses, rabbits, fox,goats, cats and goats etc are out of control and are costing landholders huge amounts of time and money.

Please help us.

Q11

To what extent do you think existing programs in NSW are effectively managing invasive species?

We have seen some assistance from LLS however much more is needed.

Q12

What, if any, are the key barriers to effective management of invasive species?

Funding and on ground staff is insufficient.

Q13

How has invasive species management changed since the introduction of the NSW Biosecurity Act 2015 legislation and associated programs and plans?

We haven't seen a change.

Q14

What are the future risks posed by invasive species to the NSW environment, industries and communities?

Loss of biodiversity, income and quality of life to industry and communities

Q15

What opportunities do you see to improve the outcomes of invasive species management in the future?

With better funding a more integrated approach using new methods and strategies to reduce feral animals could be possible.

Q16

Any other comments?

More funding is needed please.
