**Q10**

To what extent are the NSW environment, industries and communities currently impacted by invasive species?

Significantly, weeds are a major concern as a Landcare group, but cats, mice, horses and pigs - to name a few - are also a major concern.

---

**Q11**

To what extent do you think existing programs in NSW are effectively managing invasive species?

Not effectively enough

---

**Q12**

What, if any, are the key barriers to effective management of invasive species?

Insufficient staff and funding for control programs

---

**Q13**

How has invasive species management changed since the introduction of the NSW Biosecurity Act 2015 legislation and associated programs and plans?

Not sure.

---

**Q14**

What are the future risks posed by invasive species to the NSW environment, industries and communities?

Loss of biodiversity, reductions in agricultural output

---

**Q15**

What opportunities do you see to improve the outcomes of invasive species management in the future?

More funding

---

**Q16**

Any other comments?

The horses in Kosciusko National Park are a big concern, the introduction of aerial shooting is welcomed.
