Q10

To what extent are the NSW environment, industries and communities currently impacted by invasive species?

Very adversely

Q11

To what extent do you think existing programs in NSW are effectively managing invasive species?

Low effectiveness

Q12

What, if any, are the key barriers to effective management of invasive species?

Lack of funding and interference from lobbyists

Q13

How has invasive species management changed since the introduction of the NSW Biosecurity Act 2015 legislation and associated programs and plans?

There is a slightly higher community awareness

Q14

What are the future risks posed by invasive species to the NSW environment, industries and communities?

Destruction of habitat, reduction or extinction of native species, attacks on farm animals or even humans.

Q15

What opportunities do you see to improve the outcomes of invasive species management in the future?

A concerted campaign to eradicate all feral species. Horses, dogs, cats, pigs, deer, foxes, rabbits, fire ants, cane toads etc.

Q16
