

# IFOA MULTI-SCALE APPROACH ENVIRONMENTAL PROTECTIONS

## COASTAL IFOA SCALE

**33%** Of this area Permanently Reserved as National Parks  
Protects threatened species, habitat & cultural values etc

EXISTING

**38%** Of State Forest area Permanently excluded from Harvesting  
Protects old growth, rainforest & riparian zones

EXISTING

OVER **39K** ha Of Threatened Ecological Communities Mapped on State Forests  
New knowledge to ensure protection

IMPROVED

**260K** ha Of area Mapped to retain Koala Browse Trees  
To support movement between areas and food

IMPROVED

## MANAGEMENT AREA SCALE

**10%** Of net harvest area can be Harvested Annually  
Limits environmental impacts

NEW

## LOCAL LANDSCAPE SCALE

**5%** Of this area Permanently Protected in State Forest  
Protects threatened species & habitat in clumps

NEW

**21** YRS Before this area can be fully Harvested  
Ensures a mixed aged forest

NEW

## COUPE/COMPARTMENT SCALE

**5%** Of Regrowth Zones Permanently Protected  
Protects species & habitat in clumps

NEW

**8%** Of Non Regrowth Zones Permanently Protected  
Protects species & habitat in clumps

NEW

LIMITS On Harvest Coupe Size, Return Times to Harvest and Basal Area
