Dear Sir,

Our family strongly objects to any change of the agreement reached in the Brigalow and Nandewar State Conservation areas.

To think that this government is considering logging these areas is a disgrace. How can people trust Governments that make such changes to agreements.

Our family will not be voting for this government in the future and would prefer you to keep you greedy hands off these areas.

WE DO NOT BELIEVE THAT THE AREAS NEED THINNING OF THEIR BEAUTIFUL TREES.

Yours faithfully,

THE TAYLOR FAMILY.
TANJA.
