Dear Liam,

Thanks again for getting in touch regarding the draft Coastal IFOA Monitoring Program. We have now taken a look at the material on the website. At this stage, we expect that other experts (who we understand you are also engaging) and local environment groups are better placed to provide advice on the technical details of the program, and therefore we won't be providing any comments at this time. However we are happy to remain engaged as the process continues.

Kind regards,  
Cerin
