Q4 Yes
Can we contact you about your submission (if needed)?

Q5 Yes
Can we add your email to our mailing list for occasional updates on this topic?

Q6 I am a private land manager/owner.
What best describes you?

Q7 North Coast
What best describes your main regional interest?

Q8

I agree to have my submission published with my name.

Your submission may be published. If you do not want your personal details or responses published, please tell us here.

Q9

What do you consider is the most significant action(s) we can undertake to protect and restore biodiversity and ecosystem function on private lands?

Ensure areas of significant biodiversity value are managed and identified. Provide incentives to ensure private landholders undertake restoration and management of biodiversity on private land. Ensure non compliance with the law results in prosecution and require remediation of unlawful works if completed.

Q10

How can we further improve soil, water and vegetation management to protect and restore biodiversity while delivering sustainable economic outcomes?

Education of private landholders and funding be made available to ensure soil water and vegetation are improved. Provide incentives to private landholders to do this work.

Q11

What do you consider is the most effective way to further support and enable landholders to deliver sustainable land management and production outcomes?

Education on the need to ensure biodiversity values are enhanced to ensure maximum sustainable outcomes for landholders.
