Dear Ms Corbyn

Proposed EOAM Amendments – Chapter 8

The Northern Rivers Catchment Management Authority (NRCMA) supports the proposed EOAM amendments comprising a new Chapter 8 of the EOAM, because this will provide efficiency gains by reducing PVP processing times, improve service delivery to landholders, while continuing to improve or maintain environmental outcomes through the assessment of clearing proposals.

The NRCMA has been involved throughout the development of the new Chapter 8 and now strongly supports its adoption and integration into the operating procedures of the Native Vegetation Act 2003.

Yours sincerely
