25<sup>th</sup> March 2010

TO: The National Resources Commission (NRC)

Dear Sir/Madam,

In reference to the current assessment of Cypress State Forest's in Southern New South Wales.

The town of Narrandera is situated in southern New South Wales and like many rural towns its size Narrandera has been enduring difficulties for some time, battling a prolonged drought, enduring water restrictions on our major industries and the global financial crisis.

Grant's Sawmilling Co. is one of our community's largest assets employing a large proportion of the town's community. They also have been a big beneficiary to the Narrandera Bowling Club, Sponsoring Tournaments, Donating help and support to our small club. These are just a few small points of interest which help to unite and support small communities such as ours . We look forward to their continued support.

Lastly, on behalf of the Narrandera Bowling Club we do not wish to lose an industry such as Grants Sawmilling Co. as this could be another step towards the erasure of small country communities.

Yours Sincerely,

Peter John Sheather.      President

Sandra Jean Walmsley    Sec. Manager

On behalf of the members of the Narrandera Bowling & Recreation Club
