To whom it may concern,

We strongly object to the proposed closure of the mills in Condobolin and Narranderra.

This long standing family business has kept many people in jobs within the area, and allowed for expansion and long term employment of those employed.  
It has kept business local, and allowed business and locals to shop local and sustain employment.

Should you chose to close this business the employees will suffer as will their families, children and homes, due to minimal employment in the area.

Yours Sincerely
